Profit from operations (%) improved by 160 bps year-on-year to 19.4%, primarily driven by better operating leverage, higher export contributions, and disciplined order execution. Q2 FY2026 profit from operations (excluding forex, commodity gains, and one-time impacts) was 18.9%, up from 17.5% in Q2 FY2025.

Commenting on the Q2 FY2026 results, Guilherme Mendonca, Managing Director and Chief Executive Officer, Siemens Energy India Limited (SEIL), said: *“We delivered another strong quarter with a focus on profitable growth and value creation. Despite current global scenario, Siemens Energy India Limited kept its high performance through disciplined execution of its healthy backlog. Demand momentum in India remains strong, driven by electrification, decarbonization and energy security priorities, as well as export opportunities. Our company is fully committed to supporting India’s growth journey with our capacity expansions and talent development.”*
