

Press release

Navi Mumbai, November 24, 2025

Siemens Energy India Limited Q4 FY2025 - Revenue up 27%, PAT up 31%; results confirm a strong year and a healthy start for the company

- New Orders stable at INR 2,351 crore
- Order Backlog up 47% to INR 16,205 crore
- Revenue up 27% with strong margin of 16.9%
- Board recommends dividend of INR 4 per equity share of INR 2 each (200%)

Siemens Energy India Limited (SEIL) today announced its Q4 FY2025 results with Revenue up 27% at INR 2,646 crore and Profit After Tax (PAT) up 31% at INR 360 crore. Order Backlog was at INR 16,205 crore, up 47% in comparison to FY2024. The Board of Directors has recommended 200% dividend of INR 4 per equity share of INR 2 each.

The orders were stable in Q4 FY2025 due to the advancement of orders into Q3 FY2025, which is also evident in the 47% increase in Order Backlog as of September 2025 compared to September 2024. The profit margin was impacted by change in revenue mix with a higher share of Project business.

A year of achievements

SEIL accomplished significant achievements in FY2025, delivering with excellence and generating profitable, sustainable growth.

The key achievement was the successful demerger of Siemens Limited's Energy Business into SEIL and subsequent listing of SEIL on BSE and NSE. This created a pure play energy technology company in India that operates across the entire energy value chain, offering customers greater focus and agility, while unlocking shareholder value.

India's electricity and electrification demand remains strong, driven by rising domestic consumption, public CAPEX, industrial growth, and data centers. To meet this momentum, SEIL is expanding its transformer and switchgear factories and has launched a state-of-the-art Industrial Steam Turbine Service Centre in Raipur.

Financial Summary*

Particulars (INR crore, unless otherwise stated)	Quarter ended			Year ended

*FY2024 numbers not presented in the table above as Siemens Energy India Limited was incorporated on February 07, 2024, and therefore not comparable.

Commenting on the Q4 results, Guilherme Mendonca, Managing Director and Chief Executive Officer, Siemens Energy India Limited, said: *“Our businesses delivered another strong quarter, continuing the solid performance in FY2025. Healthy order backlog and continuous operational excellence helped us improve profitability for Q4 FY2025 and for the financial year ended September 30, 2025. We appreciate the confidence our customers place in Siemens Energy India Limited as a trusted partner in their energy transition journey. Our strong performance reflects disciplined execution, and a clear commitment to shaping the future of energy while supporting the Aatmanirbhar Bharat vision.”*
